Teachers' Institute.

The Jackson County Teachers Annual Institute will begin Monday July 7th, and continue one week. The law requires teachers to attend the full term.

If you expect to teach you must attend the full term of this institute or a similar institute in another county, or one of the six weeks summer schools in the state. If you attend an institute in another county or one of the summer schools you must bring notification from the institute or summer school signed by the proper authority. This is in keeping with the law.

Every wide-a-woke teacher that wants to give value received for the money they get for teaching, should be anxious to attend an institute or summer school.

I hope, and expect to see the teachers of Jackson county attend in full force, and make the institute a record-breaker.

The County Board of Education will meet again on Saturday, July 5th, to finish selecting teachers.

The Compulsory School law has teeth. The truant officer acts as sheriff, and any Justice of the Peace is competent to try the case. Under the old law, the chairman of the county court was the only man that could try the case. All fines are the same. All children from 7 to 16 years old are required to attend full term.

Most respectfully,
W. L. Dixon, Co. Supt.

Soldiers Return.

Geo. Hailey has returned to his home in the 14th district, having been discharged from the army last week, after a service of eighteen months. He was a member of the 84 division, and served four months on the western front. During this time he took part in the hardest battle's fought by the American troops. At hill 1127 his company advance and took the hill in the face of a heavy machine gun fire, losing over half of their men before the Germans were driven out. Through it all he escaped without a scratch. He was a member of the same regiment as Alvin C. York, and saw him a number times while in France.

Corpal William Cooper was in Gainesboro Monday en route to his home near Haydenburg, having been discharged from the army at Ft. Olgathorp, Ga. He served eight months in France

as member of Co. A. 310 Inft., during engaged in the construction of roads and bridges through the derasted portion of France. He was more than glad to be at home again.

Benton Gore, who has been visiting his brother, Lelay Gore on Lock's Branch, was in Gainesboro Monday enroute to Norfolk, Va., where he is serving in the Naval Training station. He

has been in the service for one year, having enlisted at Nashville in May, 1918. He is a Jackson county, boy, but has not lived here since childhood.

Our genial friend, H. P. Price, of R-2, was a pleasant caller at the office last Friday. He sends the Sentinel to his nephew, O. P. Price, Hartsville R-3, for one year.
